

# Mind in The Making

Seven Essential Skills Modules

*For staff that work with Children*

**8 Sessions beginning  
March 11, 2019**

The Mind in The Making Seven Essential Skills Modules training sessions are based on the book by Ellen Galinsky, Mind in The Making: The Seven Essential Life Skills Every Child Needs. This training is a learning journey to strengthen and promote the evidence based Seven Essential Life Skills that can assist children and adults currently and into the future to thrive. Participants will be better able to provide experiences that support children's development when they:

- are engaged in understanding how they and their children learn best;
- are more intentional in promoting children's learning; and
- are aware of the best research on children's development and learning and can thoughtfully incorporate that research into what they do with children every day.
